Dear John Sample:

UC Davis Health is committed to maintaining the privacy and security of our patients' personal and health information. For this reason, it is important to us that we make you aware of a recent privacy incident. Recently, we discovered that an employee's work email account was accessed by an unknown third party on May 17, 2017. An email in this account contained the following information about you: name, address, and diagnosis. No other personal or financial information was discovered in the account.

It was determined that a "phishing event" caused the compromise of this employee's email account. Phishing is when a third party tries to gain access to another individual's email account by representing themselves as an official, legitimate source and requesting information of the email account holder, such as a login or password. Once this phishing event was discovered, swift action was taken by our Information Technology (IT) security team to secure the account and minimize the threat.

We have no evidence that this unauthorized access actually resulted in the acquisition of your personal information, but we cannot conclusively rule out that possibility. Therefore, we are sending a letter to all patients whose information was contained within the employee's email account. UC Davis Health is working with Texas-based, AllClear ID, to address your needs in response to this incident.

As an added precaution, we have arranged to have AllClear ID protect your identity for 12 months at no cost to you. The following identity protection services start on the date of this notice and you can use them at any time during the next 12 months.

AllClear Identity Repair: This service is automatically available to you with no enrollment required. If a problem arises, simply call 1-855-216-0658, provide your Reference Code Redemption Code, and a dedicated investigator will help recover financial losses, restore your credit and make sure your identity is returned to its proper condition.

We sincerely apologize for this incident. UC Davis Health is committed to protecting your personal information. We continue to improve upon our IT security systems to prevent

Information about Identity Theft Protection

We recommend that you regularly review statements from your accounts and periodically obtain your credit report from one or more of the national credit reporting companies. You may obtain a free copy of your credit report online at www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by mailing an Annual Credit Report Request Form (available at www.annualcreditreport.com) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281. You may also purchase a copy of your credit report by contacting one or more of the three national credit reporting agencies listed below.

Equifax: P.O. Box 740241, Atlanta, Georgia 30374-0241, 1-800-685-1111, www.equifax.com
Experian: P.O. Box 9532, Allen, TX 75013, 1-888-397-3742, www.experian.com
TransUnion: P.O. Box 1000, Chester, PA 19022, 1-800-888-4213, www.transunion.com

When you receive your credit reports, review them carefully. Look for accounts or creditor inquiries that you did not initiate or do not recognize. Look for information, such as home address and Social Security number, that is not accurate. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

We recommend you remain vigilant with respect to reviewing your account statements and credit reports, and promptly report any suspicious activity or suspected identity theft to us and to the proper law enforcement authorities, including local law enforcement, your state's attorney general and/or the Federal Trade Commission ("FTC"). You may contact the FTC or your state's regulatory authority to obtain additional information about avoiding identity theft.

We recommend that you regularly review the explanation of benefits statement that you receive from your insurer. If you see any service that you believe you did not receive, please contact your insurer at the number on the statement. If you do not receive regular explanation of benefits statements, contact your provider and request them to send such statements following the provision of services in your name or number.

You may want to order copies of your credit reports and check for any medical bills that you do not recognize. If you find anything suspicious, call the credit reporting agency at the phone number on the report. Keep a copy of this notice for your records in case of future problems with your medical records. You may also want to request a copy of your medical records from your provider, to serve as a baseline. If you are a California resident, we suggest that you visit the web site of the California Office of Privacy Protection at www.privacy.ca.gov to find more information about your medical privacy.

Fraud Alerts: There are also two types of fraud alerts that you can place on your credit report to put your creditors on notice that you may be a victim of fraud: an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for at least 90 days. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. You can place a fraud alert on your credit report by calling the toll-free fraud number of any of the three national credit reporting agencies listed below.

Equifax: 1-888-766-0008, www.equifax.com
Experian: 1-888-397-3742, www.experian.com
TransUnion: 1-800-680-7289, fraud.transunion.com

Credit Freezes (for Non-Massachusetts Residents): You may have the right to put a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. In addition, you may incur fees to place, lift and/or remove a credit freeze. Credit freeze laws vary from state to state. The cost of placing, temporarily lifting, and removing a credit freeze also varies by state, generally $5 to $20 per action at each credit reporting company. *Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company.* Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:

Equifax:	P.O. Box 105788, Atlanta, GA 30348, www.equifax.com
Experian:	P.O. Box 9554, Allen, TX 75013, www.experian.com
TransUnion LLC:	P.O. Box 2000, Chester, PA, 19022-2000, freeze.transunion.com

You can obtain more information about fraud alerts and credit freezes by contacting the FTC or one of the national credit reporting agencies listed above.

Credit Freezes (for Massachusetts Residents): Massachusetts law gives you the right to place a security freeze on your consumer reports. A security freeze is designed to prevent credit, loans and services from being approved in your name without your consent. Using a security freeze, however, may delay your ability to obtain credit. You may request that a freeze be placed on your credit report by sending a request to a credit reporting agency by certified mail, overnight mail or regular stamped mail to the address below:

Equifax:	P.O. Box 105788, Atlanta, GA 30348, www.equifax.com
Experian:	P.O. Box 9554, Allen, TX 75013, www.experian.com
TransUnion LLC:	P.O. Box 2000, Chester, PA, 19022-2000, freeze.transunion.com

Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. The following information should be included when requesting a security freeze (documentation for you and your spouse must be submitted when freezing a spouse's credit report): full name, with middle initial and any suffixes; Social Security number; date of birth (month, day and year); current address and previous addresses for the past five (5) years; and applicable fee (if any) or incident report or complaint with a law enforcement agency or the Department of Motor Vehicles. The request should also include a copy of a government-issued identification card, such as a driver's license, state or military ID card, and a copy of a utility bill, bank or insurance statement. Each copy should be legible, display your name and current mailing address, and the date of issue (statement dates must be recent). The credit reporting company may charge a reasonable fee of up to $5 to place a freeze or lift or remove a freeze, unless you are a victim of identity theft or the spouse of a victim of identity theft, and have submitted a valid police report relating to the identity theft to the credit reporting company.
